

WHAT TO DO IN CASE  
OF A SUSPECTED

# OPIOID EMERGENCY

HONORHEALTH®

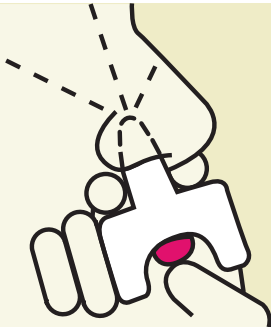

Foundation

## LAY

**Check for slowed breathing  
or unresponsiveness**

Lay the person on their back  
and tilt the head back

## SPRAY

**Insert device into  
either nostril and press  
plunger firmly**

## STAY

**Call 911 immediately  
and continue to administer  
doses as needed**

EVERYONE  
HAS THE  
POWER TO  
**SAVE A LIFE**

*Opioid awareness, education  
and life-saving measures  
for our community*

**OARline** is the Opioid Assistance and Referral Line.

CASINO ARIZONA

TALKING STICK RESORT

**HonorHealth Foundation** is proud to partner with **Casino Arizona and Talking Stick Resort** to bring opioid awareness, education and life saving measures to our community.

Our mission is to link donors of remarkable generosity and genuine care for others with HonorHealth expertise and passion to deliver transformative and personalized health and wellness to our community and beyond.

*Thank you for your support.*

## ARIZONANS ARE AT RISK

Maricopa County continues to lead the state in both fatal and nonfatal overdoses from opioids.

With your support and education on delivering **NARCAN**, a nasal spray that can reverse the effects of opioid overdose, and save lives.

**60%**  
of overdoses occurred in the presence of a bystander

**90%**  
of overdose reversals are by first responders

## 2023 FATAL OVERDOSE STATISTICS

**1,928**  
opioid deaths in Arizona

**1,218**  
were in Maricopa County

■ Maricopa County

More than 50% in the age range of **25 - 44**

On average, **75%** are male

## IN 2023, ARIZONA ALSO HAD

**4,080**  
non-fatal opioid overdoses in the entire state

**2,874**  
non-fatal opioid overdoses in Maricopa County
